

2010 Pulmonary Disease/Critical Care Scholarly Activity

Book Chapters

Ruby RS, **Dudney TM**, Wortham DC. “Cardiac Venous System.” Dieter RS, ed. *Venous and Lymphatic Diseases*. Printed by McGraw Hill December 2010

Diaz E, **McCormack M, Dudney TM**. “Pulmonary Venous and Lymphatic Diseases.” Dieter RS, ed. *Venous and Lymphatic Diseases*. Printed by McGraw Hill December 2010

Baljepally G, Cox JW, **Dudney TM**. “Electrophysiology of Pulmonary Veins.” Dieter RS, ed. *Venous and Lymphatic Diseases*. Printed by McGraw Hill December 2010

Patel K, Bhugra P, McCormack MT, Dudney TM. “Deep Vein Thrombosis.” Dieter RS, ed. *Venous and Lymphatic Diseases*. Printed by McGraw Hill December 2010

de Guzman A, **Dudney TM, Ludwig BB**, Elder R. “Pelvic Vein Disorders.” Dieter RS, ed. *Venous and Lymphatic Diseases*. Printed by McGraw Hill December 2010

Publications

Dhand R. Sleep disorders: Diagnosis and treatment. *Respiratory Care*. 2010 Oct;55(10):1389-96

Dhand R. Parthasarathy S Sleep Disorders: Diagnosis and Treatment. *Respiratory Care*. 2010 Sep;55(9):1154

Guntur VP, Waldrep JC, Guo JJ, Selting K, **Dhand R**. Increasing P53 protein sensitizes non-small cell lung cancer to paclitaxel and cisplatin in vitro. *Anticancer Research*. 2010 Sep;30(9):3557-64

Dhand R. Intelligent nebulizers in the age of the Internet: The I-neb Adaptive Aerosol Delivery (AAD) System. *Journal of Aerosol Medicine and Pulmonary Drug Delivery*. 2010 Apr;23 Suppl I: iii-v

Kakarla SK, Fannin JC, Keshavarzian S, Katta A, Patud S, Nalabotu SK, Wu M, Rice KM, **Manzoor K**, Walker EM Jr, Blough ER. Chronic acetaminophen attenuates age-associated increases in cardiac ROS and apoptosis in the Fischer Brown Norway rat. *Basic Res Cardiol*. 2010 Jul;105(4):535-44. PMID: 20407780

Dhingra A, Obenour R. Coal Worker's J>pneumoconiosis eMedicine from Web MD. Updated July 16, 2010. Available at <http://emedicine.com/article/297877-prim>

Patel K, Bhugra P, Branca P, Dudley T. A 39-Year-Old Man with Fevers, Cough, and Right Upper Lobe Cavitory Lesion in Lung. *J. Bronchol Intervent Pulmonol* 2010; 17:258-260. PMID; 23168896

Branca P, Duncan L, Tharp D, Lyons J. Endobronchial Perineurioma: An Unusual Soft Tissue Lesion in and Unreported Location. *Pathology Research International*. Volume 2010, Article ID 613824, doi:10.406/2010/6!3824. PMID: 21151724

Presentations

Khan AM, **Manzoor K**, Jain RV, Mahadevia P, Berman A. Detection of nodular pulmonary amyloid by PET positive scan. Presented at International Journal of Clinical Oncology: September 2010

Patel K, Bhugra P, Dudley T, Martinolich K. Role of mycophenolate mofetil in steroid dependent asthma. Presented at the American Thoracic Society: New Orleans, LA May 2010 (Poster Presentation)

Patel K, McCormack M, Dudley T, Bhugra P. A risk factor for HELLP Syndrome. Presented at the American Thoracic Society: New Orleans, LA May 2010 (Poster Presentation)

Kravitz JN, Bullington WM, Schabel S, Judson MA. Intracavitary amphotericin B for pulmonary aspergilloma complicated by serious hemoptysis in fibrocystic sarcoidosis. Presented at the American Thoracic Society: New Orleans, LA May 2010 (Poster Presentation)

Kravitz JN, Judson MA. Intracavitary voriconazole for symptomatic *Pseudallescheria boydii* pulmonary mycetomas in patient with fibrocystic sarcoidosis. Presented at the American Thoracic Society: New Orleans, LA May 2010 (Poster Presentation)

Kravitz JN. Pulmonary Aspergilloma. Presented at McLeod Family Medicine Residency Program Conference: Florence, SC July 2010

Kravitz JN. A 54-year-old lady with subacute dyspnea and chest pain. A case of dual diagnoses. Presented at the 20th Charleston Pulmonary and Critical Care Symposium: 2010

Branca P, Malcom D, Bond-Cox M, Franklin W. Effect of therapeutic hypothermia on potassium balance post-cardiac arrest resuscitation. Presented at the American Thoracic Society 2010. Submitted to Resuscitation.

Invited Lectures

Shamiyeh J. COPD Update: Evidence-Based Therapies and the Heart - Lung Interaction. The Heart, Lung, Vascular Update for Primary Care Providers. Using Guidelines to Evaluate COPD Hypertension, and MI. UT Conference Center: Knoxville, TN September 24-25, 2010

Martinolich K. Sleep Apnea: Cardiac Implications. Heart, Lung, Vascular Update for Primary Care Providers Using Guidelines to Evaluate COPD, Hypertension, and MI. UT Conference Center: Knoxville, TN September 24-25, 2010

Branca P. New Technology in Lung Medicine. University of Tennessee Science Forum: March 2010.

Branca P. Evaluation of the Solitary Pulmonary Nodule. Lincoln Memorial University: 2010.

Branca P. Lung Cancer Screening. The Heart, Lung, Vascular Institute Fall Conference: 2010

Faculty Development

Dr. Tina Dudley – CME Leadership Retreat. Montgomery Bell State Park: Burns, TN September 2010

Dr. Tina Dudley – Dean’s Retreat. UT Conference Center: Knoxville, TN August 2010

Dr. Tina Dudley – ACGME Annual Educational Conference: Nashville, TN March 2010

Dr. Tina Dudley – Faculty Development Workshop: Professionalism and Education Research. UT Conference Center: Knoxville, TN March 2010

Dr. Michael McCormack – Dean’s Retreat. UT Conference Center: Knoxville, TN August 2010
