Ladies Night Out

On November 12th we had a ladies night out at Ashley Kimball's house with a really good turnout. This was the first time a lot of the new members have all gotten together so it was great to meet everyone. The time always flies by on these night but they are always a lot of fun!

**If anyone has any future LNO ideas please feel free to share them with Carissa or Julianna.

Special Events

Our most recent Special Event was November 20th at Strike and Spare Bowling. This was our best turnout thus far and so much fun too! This has been such a great event for the married couples, kids, wives, and husbands that we might have to make it a monthly event. We are very luck to have such an awesome group this year!

After the holidays we will get another bowling night planned. Look forward to the date in the next newsletter and email.
