University of Tennessee Graduate School of Medicine is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program membership maintenance credit. Approval does not imply acceptance by a state of provincial board of dentistry or AGD endorsement. The current term of approval extends from 1/1/2018 to 12/31/2021. Provider ID# 2 1 9 4 5 0

Course Overview:

This course will expose the forensic dentist to the roles and responsibilities of the forensic dentist and forensic anthropologist in the medical examiner's office. Instruction will be provided on the medico-legal death investigation process, autopsy protocol, the oral autopsy, and rules regarding evidence collection. The participants will observe multiple autopsies performed at the East Tennessee Regional Forensic Center – Knoxville.

Learning Objectives:

Demonstrate knowledge of the medico-legal death investigation process

Demonstrate knowledge of autopsy protocol and who participates

Observe dissection methodology and autopsy suite operations

Demonstrate knowledge of the rules regarding evidence collection

Demonstrate knowledge of and participate in an oral autopsy
